Education

Aug 2022-Present California Polytechnic State University, San Luis Obispo San Luis Obispo, CA

- 4.0 GPA (Dean's List)

Aug 2018-May 2022 San Gabriel High School – *High School Diploma* San Gabriel, CA

- 4.5 GPA (Top 15% of Graduating Class)

Relevant Coursework

- Data Structures
- Intro to Computer Organization
- Fundamentals of Computer Science
- Project-based Object-Oriented Programming and Design

Experience

08/2021-03/2022 San Gabriel High School Key Club San Gabriel, CA

Tech Editor (Website Manager)

- Coordinated with club public relation designers, secretaries, and presidents regarding website creation and maintenance.
- Created web pages that integrated club photographs, copy and promotional graphics.
- Ensured that consistency and cohesion was kept across all design assets when versioning layouts across multiple formats.
- Delivered design solutions for website maintenance projects and ensured that design visions were carried through.
- Received “Best Club Website” Award at the California-Nevada-Hawaii District Convention (2022).

Projects

09/2023 Hiragana Quiz Web Application | Python, Django, JavaScript, HTML, CSS

- Built a dynamic web application using Django, allowing users to select and study Japanese Hiragana characters.
- Employed HTML and CSS to ensure a responsive and visually appealing design.
- Developed JavaScript functionality to create a quiz with character randomization, user input validation, and real-time feedback for a smooth learning experience on the web application.

Skills
